**RE: Kennecott Eagle Minerals Company (KEMC) – MP 01 2007
Temporary Development Rock Storage Area (TDRSA) Final Construction Plans**

Dear Mr. Maki:

As required by MP 01 2007, Special Condition F2, KEMC must provide the Michigan Department of Natural Resources and Environment (MDNRE) revised engineering plans and specifications for the TDRSA. Please find attached a set of final TDRSA construction plans and an updated Construction Quality Assurance (CQA) plan for MDNRE review and approval. These documents have also been submitted to Ms. Margie Ring, PE, in the Lansing MDNRE Office.

If you have any questions or need additional information, please do not hesitate to contact me at 486-1257 ext. 229 or via email at Kristen.Mariuzza@riotinto.com.

Sincerely,

Kristen Mariuzza
Environmental and Permitting Manager
